Hello

I have been involved in film and television industry for the past 10 years.

My background stems from the building industry where I have completed training as a builder/carpenter for boats and houses. From there I moved into the Art Department and have been lucky enough to work on a variety of different formats, and have had the pleasure of working with some very talented people.

If you have any questions please feel free to call or send me an email.

Skills

Adobe Photoshop
Adobe Illustrator
