

CHEFS IN MOTION
Catering

We'll take care of the food so you can focus on the rest

For your next shoot, let Gino and his team from *Chefs in Motion* feed your crew. Our delicious menus are carefully thought out and informed by over two decades of experience catering for the TV and film industry. We ensure our dishes are filling but light, keeping your crew alert and energised for their long days.

Our fully-equipped, compact kitchen truck takes just 1.5 car spaces and can handle shoots of any length. Vegetarian options are always available and we're happy to tailor dishes to suit specific dietary requirements. For large studio shoots, our commercial container kitchen is also available to extend our capacity.

Using local, seasonal produce and carefully sourced meats, we create dishes that are modern, balanced and fresh.

We know you've got your hands full organising your shoot, so our aim is to lighten your load. Trust us to take care of your crew, taking one thing off your plate while filling theirs

Chef Gino Lopez

'I've been feeding film crews for over 20 years so I know how hard they work.'

'I love the challenge of preparing satisfying food that fills the stomach but leaves them full of energy for the hours ahead.'

Gino has an extensive list of TV series and commercial catering under his belt, including US film *Better Watch Out* and Australian series *Secret City*.
