First Aid Certificate

Departments
1st AD, Runner, Unit Assist.

A hard working and thoughtfull production all-rounder with a reputation for having a strong work ethic, a high level of customer service experience and an easy going attitude. I have vast experience in several production fields from working as a Runner and with Unit on big budget TVC's and Australian Lifeslyle Shows to working as an Associate Producer and being First AD on several US tv shows and independent films.

I am an experienced First AD and enjoy the role tremendously but due to family circumstances as a single parent Running work is often a more flexible option.
