PRODUCTION COORDINATOR (TV / FILM)

VFX LINE PRODUCER / VFX PRODUCER (Post Production)

---

## PERSONAL PROFILE:

For the last 15 years I've worked across Film, Television & TVCs on several different continents; from pre-production, on set, through to post production and VFX. The wide range of skills and experiences that I have gained have prepared me for the challenges that are faced in all facets of production, from the first brief to delivery. I'm a natural problem solver and communicator, not afraid of hard work. I endeavour to make sure that every job runs smoothly, on time and to budget with a smiling crew and client.
