1st Assistant Director
May 2018

INTERNSHIP

Benchmark Media & Entertainment

February 2018-February 2019

I have been lucky enough to experience various roles during my internship at Benchmark, allowing me to witness the production processes of various forms (commerical, television and content) from pre-production to post. These roles include being a Production Assistant to the Producer, being a Director's Attachment, working with the Director to put together storyboards and treatments, and helping the Production Manager organise crew.

Benchmark continues to give me insights into the AD department, as they are currently training me in how to break down a script and use Movie Magic Scheduling.

Saraceno Productions
