VIDEO ASSIST OPERATOR

I have worked in the film industry for over 10 years in a wide range of roles and formats of production.

I have worked as a camera operator and editor for the World Surf League and on branded web content, behind the scenes videos, extreme sports TV shows and documentaries.

2014 saw my technical skills and experience applied to a new role as a Video Assist Operator.

In the past 3 years I have worked on a range of different shoots.

Using technical and communication skills, I provide fast and efficient monitoring, playback, effects composition and editing to the director, DOP, crew, client and agency, thus assisting them through the production process.

EQUIPMENT

Along with my service as an operator I have my own complete kit of Video Assist equipment available to hire to your prouction.

I supply battery operated Video packages consisting of Qtake HD Software and Hardware, Flanders Scientific and Small HD broadcast quality that have been calibrated, Paralinx Video Transmitters, Pix portable recorders and many other gadgets.

Please contact me for an equipment list and quote.

SKILLS
